Although heavily filtered through Eadie's Christian worldview, her vision of the afterlife does not include a wrathful deity, but a figure of love and compassion. The people gather round, each asks a question of the heart, and the man's wisdom is his gift. It is Gibran's gift to us, as well, for Gibran's prophet is rivaled in his wisdom only by the founders of the world's great religions. On the most basic topics--marriage, children, friendship, work, pleasure--his words have a power and lucidity that in another era would surely have provoked the description "divinely inspired." Free of dogma, free of power structures and metaphysics, consider these poetic, moving aphorisms a 20th-century supplement to all sacred traditions--as millions of other readers already have.</i>				x

Greeley's ending point: the election of a liberal pope who is not only a pro-feminist, but who was once married. 142	Two From Galilee	A love story of Mary and Joseph	Holmes	Majorie	<i>Here from Marjorie Holines, one of the most beloved authors of our day, is the extraordinary bestselling novel that tells the story of Mary and Joseph as it has never been told before--the greatest love story of all. This is the story of two real people whose lives were touched by God: two people chosen by God to provide an earthly home for His Son. Here are Mary and Joseph--a teenage girl and a young carpenter--alone, frightened, in love, faced with family conflict, a hostile world and an awesome responsibility. It is a story for young and old alike; for everyone who finds the Christmas tale a source of timeless beauty and wonder, a compassionate, emotional novel of divine love.</i>								
278	The Reed of God		Holselander	Caryll	<i>Houselander's beautiful and profound mediation depicts the intimately human side of Mary, Mother of God, as an empty reed waiting for God's music to be played through her. She shares her insightful and beautiful vision of Mary on earth, Mary among us, Mary as a confused but trusting teenager whose holiness flowered with her eternal "Yes."</i>					x

Yet best-selling author Dr. Tim LaHaye says the cross is vitally significant not just to history, but to our lives today. In this not-to-be-missed study, readers will discover the amazing method God has used to prove His existence-the very method He is using to reach the world today. First God used creation, then revelation, and then Jesus Christ to reveal Himself. Today He reveals Himself by transforming lives-the lives we live and the lives of those around us. Every story of transformation is unique, yet all have one thing in common: the transformation begins at the foot of the cross.</i>

Why is there prejudice against the healing ministry? Why are some people not healed? These topical and vital questions are just some of the issues addressed by Francis MacNutt in Healing. A wide-ranging and broad-based overview, it is essential reading for all involved in the healing ministry. 'Prayer for healing is so central to the gospel,' writes MacNutt, 'that it should be an integral part of the life of every community of believers. He expands on this by exploring the role of conscience, drawing a distinction between doing what one wants and discerning and acting upon the truth. Neuhaus also discusses the church's authority, emphasizing that it is never invoked to require people to believe what is false. Other topics include the eerily prophetic <i>Humanae Vitae</i>, the 1968 papal encyclical on artificial contraception; the loss of Catholic identity when Friday abstinence from meat faded from practice; and how news reporting on the Second Vatican Council shaped its meaning for many American Catholics.</i>

First conceived as a 1940s weekly radio program, this descriptive book contains one of the most accurate novelizations of the life of Christ you'll ever find. Based on the biblical accounts of Matthew, Mark, Luke and John, it covers the 33 years of Jesus' earthly life. Rich in its simplicity and attention to detail, it takes you from the betrothal of Mary and Joseph through Christ's nativity, the Holy Family's flight into Egypt, Christ's public ministry, passion, death and resurrection. 139	Our Lady of the Lost and Found	A novel of Mary faith and friendship	Schoemperlein	Dane	<i>The action is chiefly cerebral in this novel of a firmly anchored everywoman who endures a Marian vision of Guinness-record-breaking length. The narrator, one day comes upon a modern-day version of the Virgin Mary standing in her living room. Seeking a rest cure from her spiritual duties, Mary asks if she might be allowed to stay for a few days. They spend time together and become friends. The writer anecdotally contrasts their daily activities with biographical sketches and miracles relating to Mary documented by the Catholic Church. The result is a highly intelligent and unique discourse on philosophy and the phenomenon of human faith, but as a novel its appeal may be limited to larger public and academic libraries.</i>				x				x
